CANCELLATION OF ALL MOBILITY FLOWS AT THE UNIVERSITY OF BIHAĆ FOR THE WINTER SEMESTER OF THE ACADEMIC YEAR 2020/2021

The University of Bihać decided to suspend all mobility activities of students and staff within all available exchange programs in both directions (outgoing and incoming) for the first (winter) semester of the academic year 2020/2021.

This decision is highly motivated by the still very impactful COVID-19 pandemic bearing a lot of uncertainty for the coming months. We do not want to expose neither our students and staff members nor incoming visitors to a risk of being infected or making financial commitments and organizing all the mobility details in such uncertain times and finding out that their travel arrangements have to be cancelled.

We do hope that all conditions will be met in terms of decrease of infection numbers in our country and in our partner institutions' countries, as well as in terms of sanitary and logistic levels for mobility to be resumed by the second (summer) semester of the academic year 2020/2021. At the end of the winter semester, our Office for Research and International Relations together with the Management of our University and our partners, will consider the situation and opportunities for the reception of the exchange program participants/scholarship holders during the second semester.

We sincerely hope that we are going to strengthen our collaboration during this uncertain period being all in the same situation and struggling to find best options to satisfaction of our students and staff members.

Sincerely yours,

Prof. dr. Amela Čolić, Vice-rector for Research and International Relations
